

## Gwinnett's Best Radio Voice @ TechFest 2026

### 1. (Coffee service Commercial)

Sometimes in life, you run out of what you need exactly when you need it.  
There's no shampoo left in the bottle, and it's the big office picture day.  
You remembered to pick up the birthday cake, but you forgot the candles.  
There's no toilet roll left, and you need to... well, you know.  
That's why we've created our new coffee subscription at **e-Brew**.  
When you roll out of bed, you know you've got a fresh brew on hand.  
**e-Brew**, May your cup never run dry.

### 2. (Inspirational Sports drink Commercial)

What makes a victor?  
Trophies and acceptance speeches...  
...or running in the dark, on a cold morning?  
Is it your coach yelling instructions at you...  
...or you, pushing yourself harder, again and again?  
Is it the applause of thousands...  
...or a thousand finish lines?  
Do you train your body knowing why...  
...or just to make it to the finish line?  
Success is the culmination of all these things.  
Because it's the small steps that lead to the biggest victories.  
And for all your victories: Drink **Victorade**. *For every step.*

### 3. (Comical Lunchtime Commercial)

Hey, you. **Yeah, YOU!** It's me, your stomach! Remember me?? When was the last time you gave me something to snack on?! What are you, nuts?? Mmmm, nuts... actually, that sounds pretty good...  
Listen if you don't give me something good soon, I'm gonna growl and growl until you...  
...oh my, what's that? Chili dogs with cheese? All-natural goodness with lots of mustard!  
You *do* love me!!...  
**The TechFest Lunch Line** – Your Stomach Will Thank You!

4. (Inspirational Talk)

You don't need a new year to start over. You just need a new morning. Every sunrise is a second chance to be who you want to be.

It's not about how far you have to go; it's about the single step you take today. Strength isn't found in the finish line—it's found in the effort.

So, take that breath. Make that move. Your future is waiting for you to begin. This is your moment. Own it.

5. (1950's Rock and Roll radio DJ)

Ooooooh-hoooo! This is the Wolfman, baby, comin' at ya through the ozone! You got your dial tuned to the right place, sugar! We're turnin' up the heat and burnin' down the street with the baddest sounds in the land!

Who's this on the Wolfman telephone? Is that you, baby? Reach out and turn my knobs! I love ya, baby! Keep those records spinnin' and that soul grinnin'!

Aaaaa-wooooo!

6. (Narrative Story)

Hello, Americans! This is Paul Harvey. Stand byyy... for NEWS!

A young man from Missouri once failed... at selling newspapers. (*Pregnant pause*) He went bankrupt. Twice. Most folks would have called it quits right then and there.

But he didn't. He kept on... keeping on. And that man grew up to lead this great nation through its darkest hour.

That man... was Harry Truman. And now you know... the *rest* of the story.

7. (Amateur Radio Exchange)

Is this frequency in use? This is [Your Call Sign]

CQ CQ CQ. This is [Your Call Sign], calling CQ and standing by.

W4GR this is [Your Call Sign]. You are **5 and 9** (Five-Nine) here in Lawrenceville, Georgia.

My name is [Your Name]. How do you copy? Over.

QSL, Joe. My name is [Your Name]. The rig here is a [Radio Model] running [Power] into a [Antenna Type]. The weather is [Cloudy/Sunny]. Back to you, Joe.

Roger, Joe. 100% copy on all. Thanks for the nice QSO. I'll let you get back to the bands.

**73** to you and yours. This is [Your Call Sign], clear.

8. (Honest Butcher shop Commercial)

Now listen, I totally respect plants. Big fan. Love a good potato. Got nothing against broccoli—brave little trees, really. But you're at **[Your Name] Butcher Shop**. There's no plant-based meat here. Everything in here used to have a name. Or at least a strong opinion. You see that counter? That's beef. That's pork. That's chicken that once had *dreams*. What we *don't* have, is a bean pretending it was a cow. Now if you're looking for tofu, that's three blocks down, past the yoga studio, take a left at the juice cleanse place, and ask for Chad. So—no disrespect. No judgment. Just honesty. If it photosynthesizes... it doesn't belong in my display case. Now—can I interest you in a *ribeye* that will change your *belief system*?

9. (1920's Radio announcer)

Good evening, ladies and gentlemen of the radiotelephone audience! This is your announcer, Thomas O'Malley, broadcasting live from the glittering rooftop of the Ritz! It's a swell night in the big city! The flappers are out, the jazz is hot, and the news is just coming across the wire. Put down that applesauce and listen close—*everything is jake* at the New York Stock Exchange! So, sit back and enjoy because we've got a real cat's meow of a program for you tonight, sponsored by Maxwell House Coffee—good to the last drop! Please stand by... for music!
